1.1 Buyer

Official name: Department of Agriculture Food and the Marine

Legal type of the buyer: Central government authority

Activity of the contracting authority: General public services

2 Procedure

2.1 Procedure

Title: Pre-qualification to Restricted Tenderer Panel for Howth FHC Dredging Project At Howth Fishery Harbour Centre, Dublin

Description: The Howth FHC Dredging Project is a €30m+ project to dredge the harbour involves the dredging, stabilisation and beneficial reuse of circa 240,000 cubic metres of contaminated but non-hazardous bed material. This material is located within the confines of the West and East piers of Howth harbour in four main zones known as: * the fishing basin between West and Middle Piers * the channel which provides access from sea * the outer swing mooring area to the north of the inner break water * the inner Marina basin which is adjacent to the public slipway and channel It is proposed that this material is treated and stabilised using a pumped liquid mixing method in a location on the Middle Pier and pumped to a location to the West of the West Pier where it is to be used as the core infill of a new reclaimed multi use land area. In order to minimise delays and to give potential tenderers the best opportunity to tender for the overall project, the Department of Agriculture, Food and the Marine are undertaking a pre-qualification process to assess the suitability of prospective tenderers for the main construction and dredging contract relating to the Howth FHC Dredging works. The Department are proposing to prequalify the top 6 ranked applicants, with a minimum number of 3. Submissions are sought from suitably experienced applicants who can demonstrate experience relevant to the required works and who can mobilise sufficient plant and labour resources to undertake and complete the project. The works contract will be tendered in a two-stage format, with pre-qualification and suitability questionnaire stage commencing in May 2026 in order to generate a shortlist for the restricted final tender process to be undertaken. Prequal stage is expected to be complete in June/July 2026, with the restricted follow on stage to follow on shortly after.

Procedure identifier: 78602577-7276-4411-9166-7b5d36c3c3e3

Type of procedure: Restricted

The procedure is accelerated: no

2.1.1 Purpose

Main nature of the contract: Works

Main classification (cpv): 45240000 Construction work for water projects

Additional classification (cpv): 45241000 Harbour construction works

Additional classification (cpv): 45241100 Quay construction work

Additional classification (cpv): 45244000 Marine construction works

Additional classification (cpv): 45243200 Breakwater construction work

Additional classification (cpv): 45243500 Sea defences construction work

Additional classification (cpv): 45242000 Waterside leisure facilities construction work

Additional classification (cpv): 45230000 Construction work for pipelines, communication and power lines, for highways, roads, airfields and railways; flatwork

2.1.2 Place of performance

Country subdivision (NUTS): Dublin (IE061)

Country: Ireland
