

Ireland: Bus-stop shelter construction work Ballycoolin Bus Depot Design and Build

Contract or concession notice – standard regime

1 Buyer

1.1 Buyer

Official name: National Transport Authority_1149

Legal type of the buyer: Body governed by public law, controlled by a central government authority

Activity of the contracting authority: General public services

Activity of the contracting entity: Urban railway, tramway, trolleybus or bus services

2 Procedure

2.1 Procedure

Title: Ballycoolin Bus Depot Design and Build

Description: To assist the NTA in the delivery of its Bus depot programme, it has been agreed that the Ballycoolin Bus Depot Project Design and Build Contract (the Project) will be procured by the National Transport Authority with AECOM acting as Employer's Representative and technical advisor to the NTA. BusConnects Dublin is a central component of the NTA Transport Strategy for the Greater Dublin Area which will reshape the city's public transportation landscape. Aligned with the Government's agenda to decarbonise the economy, the focus on electrifying the transport network is central to this strategy. This vision includes a substantial increase in the number of electrified buses within the fleet to facilitate expanded routes and heightened service frequencies. However, the current depot network in Dublin West is constrained and unable to accommodate these additional buses. As demand increases, expectations for continued growth and service reconfigurations place further pressure on the existing bus depot network, particularly as suburban population growth accelerates. The Ballycoolin depot will support this expansion by providing dedicated facilities for EV maintenance and charging while also providing onsite accommodation for operational and administrative staff. This integrated approach not only strengthens Dublin's public transport infrastructure but also supports sustainability objectives and the electrification of the transport system. Project Summary The Ballycoolin Bus Depot is a facility for electric buses and includes a comprehensive range of features designed to optimise public transport service delivery. The depot will accommodate: -Capacity for approximately 180 buses, with the current design accommodating 176 buses. -Administrative offices including an atrium entrance with a total floor area of approximately 2,520 square metres. -vehicle washing and cleaning building of approximately 1,120 square metres. -Major and minor repairs and maintenance bays, workshops and stores with a combined floor area of approximately 2,680 square metres. -Gate, entrance and security facilities.20 21Vehicle inspection bays and associated facilities with a floor area of approximately 510 square metres. -An electrical substation compound of approximately 2,700 square metres. -Seven transformer buildings of approximately 60 square metres each. -Car parking facilities including approximately 57 standard parking spaces, three accessible spaces, six motorcycle spaces and six electric vehicle spaces, with a total area of approximately 1,700 square metres. -Cycle parking facilities of approximately 24 square metres. -All associated ancillary works required for the delivery and operation of the facility.

Procedure identifier: d3d7c3b4-514d-41f4-9dbd-373b8ccc7341

Type of procedure: Negotiated with prior publication of a call for competition / competitive with negotiation

The procedure is accelerated: no

2.1.1 Purpose

Main nature of the contract: Works

Main classification (cpv): 45213315 Bus-stop shelter construction work
Additional classification (cpv): 45213311 Bus station construction work
Additional classification (cpv): 45213322 Rail terminal building construction work
Additional classification (cpv): 45213250 Construction work for industrial buildings
Additional classification (cpv): 45315300 Electricity supply installations
Additional classification (cpv): 71322000 Engineering design services for the construction of civil engineering works

2.1.2 Place of performance

Country subdivision (NUTS): Dublin (IE061)
Country: Ireland

2.1.3 Value

Estimated value excluding VAT: 80 000 000 Euro

2.1.4 General information

Legal basis:
Directive 2014/25/EU

2.1.6 Grounds for exclusion

Sources of grounds for exclusion: Procurement Document

5 Lot

5.1 Lot: LOT-0001

Options:

Description of the options: tender documents

5.1.2 Place of performance

Country subdivision (NUTS): Dublin (IE061)

Country: Ireland

Additional information:

5.1.3 Estimated duration

Duration: 36 Month

5.1.4 Renewal

Maximum renewals: 1

5.1.5 Value

Estimated value excluding VAT: 80 000 000 Euro

5.1.6 General information

Reserved participation: Participation is not reserved.

Procurement Project not financed with EU Funds.

The procurement is covered by the Government Procurement Agreement (GPA): yes

5.1.7 Strategic procurement

Aim of strategic procurement: No strategic procurement

5.1.9 Selection criteria

Sources of selection criteria: Procurement Document

5.1.11 Procurement documents

Languages in which the procurement documents are officially available: English

Languages in which the procurement documents (or their parts) are unofficially available: English

Deadline for requesting additional information: 17/08/2026 12:00 +01:00

Address of the procurement documents: <https://www.etenders.gov.ie/epps/cft/listContractDocuments.do?resourceId=8720883>

5.1.12 Terms of procurement

Terms of submission:

Electronic submission: Required

Address for submission: <https://www.etenders.gov.ie/epps/cft/viewTenders.do?resourceId=8720883>

Languages in which tenders or requests to participate may be submitted: English

Electronic catalogue: Not allowed

Tenderers may submit more than one tender: Not allowed

Description of the financial guarantee: procurement docs

Deadline for receipt of requests to participate: 28/08/2026 12:00 +01:00

Terms of contract:

The execution of the contract must be performed within the framework of sheltered employment programmes: No

Conditions relating to the performance of the contract: 1

Electronic ordering will be used: no

Electronic payment will be used: no

Financial arrangement: n/a

5.1.15 Techniques

Framework agreement:

No framework agreement

Information about the dynamic purchasing system:

No dynamic purchase system
