2 Procedure

2.1 Procedure

Title: Design and Delivery of an AI Upskilling Programme for Engineers

Description: Technology Ireland Digital Skillnet seeks to appoint a suitably qualified provider to develop and deliver a scalable AI upskilling programme for engineers. The programme is intended for the wider enterprise market and must be adaptable to different employer contexts, technology environments and engineering practices. The programme will serve two learner pathways: software engineers and developers, and technical support engineers. It should combine relevant shared learning with differentiated, role-specific learning and practical application.
