2.1 Procedure

Title: Panel for Provision of Training Services to the Graduate Business School, Faculty of Business, Technological University Dublin

Description: To serve the growing demand for our courses, TU Dublin's Graduate Business School wishes to establish a panel of facilitators and/or training organisations to deliver workshops on a range of business topics to executive learners. Graduate Business School course participants are generally mid-to-senior level executives. Class sizes range from 16 to 32 participants. Programmes are designed to be applied and practice oriented. Workshops should therefore be interactive, discussion-led, and exercise-based to maximise learning outcomes and support the practical application of knowledge. All facilitators must demonstrate strong subject- matter expertise combined with relevant industry or professional experience that enables them to contextualise their content and facilitate meaningful discussion in the classroom. Particular emphasis should be placed on interactive and applied learning approaches, supported by practical methodologies and toolkits

5.1 Lot: LOT-0011

Title: Specialist Business Topic Facilitator

Description: To serve the growing demand for our courses, TU Dublin's Graduate Business School wishes to establish a panel of facilitators and/or training organisations to deliver workshops on a range of business topics to executive learners. Graduate Business School course participants are generally mid-to-senior level executives. Class sizes range from 16 to 32 participants. Programmes are designed to be applied and practice oriented. Workshops should therefore be interactive, discussion-led, and exercise-based to maximise learning outcomes and support the practical application of knowledge. All facilitators must demonstrate strong subject- matter expertise combined with relevant industry or professional experience that enables them to contextualise their content and facilitate meaningful discussion in the classroom. Particular emphasis should be placed on interactive and applied learning approaches, supported by practical methodologies and toolkits
