2.1 Procedure

Title: Supply, delivery and commissioning of a second-hand articulated wheel loader.

Description: The machine shall be manufactured in 2023 or later, have no more than 4,500 recorded engine hours at the time of tender evaluation and meet the minimum technical, performance, safety and operational requirements set out in Appendix 1 of this document. The required machine is intended for heavy-duty loading and material-handling operations. It must be fully operational, in serviceable condition, suitable for its intended purpose and supplied with the documentation, warranty and technical support specified. Enviro Grind (the Contracting Authority) is a family run recycling company and pioneer in the Island of Ireland Bioeconomy. Enviro Grind specialises in the reprocessing of waste residues that would otherwise be sent to landfill. The company has extensive experience in processing organic residues, including wood waste, gypsum waste, and organic bio-wastes such as food waste, garden and park waste, and fish waste. Enviro Grind also has significant expertise in the development of high-value, peat-free products. Enviro Grind is a member of the consortium delivering The REGENERATE Project (REcyclinG phosphatEs and NitroGen fRom AgriculTural rEsidues). Funded under The Shared Island Bioeconomy Demonstration Initiative, REGENERATE aims to demonstrate a scalable, circular, agricultural model that optimally harnesses and separates local agricultural residues from digestate to maximize the value derived from these nutrients.
