Title: Provision of Data Security Platform
Description: In order to ensure we are in line with industry best practices, we are looking for a solution(s) that will support the following capabilities for both structured and unstructured data: • Data Discovery, Identification, Classification And Categorisation • Real time visibility of Iarnród Eireanns data posture • Automated classification capability • Automated Exposure Remediation capability such as Access revocation, Misconfiguration remediation, Disabling stale users • Data Loss Prevention (DLP) • Threat Detection, Security and Risk Management • Supporting secure AI deployments such as Co-Pilot • Compliance Management, Data Retention and Archiving • Integration with industry standards tools CIE currently operates and utilises the Microsoft Purview platform. Accordingly, suppliers shall not propose Microsoft Purview as the primary DSP solution nor include associated licencing or implementation costs in their submission. Suppliers should instead focus on addressing additional capabilities required, and on demonstrating compatibility with the existing Purview estate. Iarnród Éireann reserves the right, at its sole discretion and at any time during the term of the contract, to permit other CIÉ Group entities to avail of the contract on the same terms and conditions. No commitment as to volume, value or exclusivity is given, and Candidates are required to confirm their willingness to supply any such entity.
