Title: Estates SW: Replacement of Air Cooled Chillers in CRC Cork University Hospital
Description: This project comprises the replacement of the existing 2 No. Dunham Bush air-cooled chillers located on the Clinical Research Centre (CRC) roof at Cork University Hospital (CUH). The works shall be undertaken on a full turnkey basis and shall include the supply, delivery, installation, testing, commissioning and handover of two new air-cooled chillers, together with all associated mechanical, electrical, controls, civil works and lifting operations necessary to provide a fully operational chiller installation. The replacement chillers shall be, an approved equivalent to that currently installed which are Climaveneta (Mitsubishi Electric) units, to ensure compatibility with the existing control system serving the CRC building. The proposed units shall be selected to match the required cooling duty and existing system operating conditions. The Contractor shall be responsible for the safe removal and environmentally compliant disposal of the existing chillers, installation of the replacement equipment, integration with the existing services and controls, and commissioning of the complete installation. This section provides a high-level overview of the project. Tenderers shall refer to Section 3 – Detailed Scope of Works for the full extent of the Contractor's responsibilities, including all mechanical, electrical, controls, civil, cranage, testing and commissioning requirements.
Procedure identifier: 2d8ab2f3-ea05-471e-b65c-416c02f1d48d
Type of procedure: Open
The procedure is accelerated: *no*

2.1.1 *Purpose*

Main nature of the contract: Works
Main classification (cpv): 45331000 Heating, ventilation and air-conditioning installation work
Additional classification (cpv): 45331230 Installation work of cooling equipment
Additional classification (cpv): 45350000 Mechanical installations
Additional classification (cpv): 45310000 Electrical installation work
