Organisation providing additional information about the procurement procedure: Dublin City Council

Organisation signing the contract: Dublin City Council

TED eSender: European Dynamics S.A.

6 Results

Value of all contracts awarded in this notice: 86 056 Euro

Direct award:

Justification for direct award: Extreme urgency brought about by events unforeseeable for the buyer

Other justification: This contract was awarded under Article 32.2.(c) of Directive 2014/24/EU which states that the negotiated procedure without prior publication may be used for public works, supply and services contract in so far as strictly necessary where, for reasons of extreme urgency brought about by events unforeseeable by the contracting authority, the time limits for the open or restricted procedures or competitive procedures with negotiation cannot be complied with. The north leaf of Spencer Dock Bridge on North wall Quay is bouncing and causing damage to the Bridge deck with the risk of the bounce getting greater and causing a hazard for all traffic. The bouncing has caused a pot hole to form in the bridge surfacing that could get larger leading to failure of the insitu concrete deck and then leading to reinforcement projecting into the line of traffic. Also the bouncing leaf is likely to cause further damage to other Bridge components as a result of the impact loading.

6.1 Result lot Identifier: LOT-0001

At least one winner was chosen.

Framework agreement:

Maximum value of the framework agreement: 86 056 Euro

6.1.2 Information about winners

Winner:
