Official name: Waterford and Wexford Education and Training Board_110494

Legal type of the buyer: Central government authority

Activity of the contracting authority: General public services

2 Procedure

2.1 Procedure

Title: Single Party Framework Agreement for the Supply of Wood Manufacturing and Finishing Machines for Waterford and Wexford Education and Training Board

Description: This public procurement competition relates to the establishment of a Single Supplier Party Framework ("Framework") for the Supply of Wood Manufacturing and Finishing Machines for Waterford and Wexford Education and Training Board. The tender is divided into 8 Lots. Tenderers may submit proposals for one or more lots and must be clear on which lots they are tendering for in their response. The minimum contract awarded will be one Lot. The quantities may also be varied depending on the funding available. Tenderers may tender for one or several lots. The eight lots are as follows: Lot 1 Panel Saw Lot 2 Circular Saw (Ripsaw) Lot 3 Cross Cut Lot 4 Planner Lot 5 Thicknesser Lot 6 Bandsaw Lot 7 Tenoner Lot 8 Scribing Head It is important to note that the equipment must be fit for purpose meeting the requirements of the instructors delivering training to Apprentices/students in a trainee workshop environment. Please note that we require all machines to be delivered as soon as possible on award of the contract per lot. Suppliers must indicate timelines in response. It is the intention of the Contracting Authority to establish a Single Party Supplier Framework for each lot from which call-off contracts will be awarded to the successful supplier (under the particular lots awarded) and will be run by the training centres as requirements arise over the lifetime of the Framework. In the context of a single-party framework agreement, the successful framework member does not have to compete for each new contract. It is emphasised that a framework agreement constitutes no guarantee to purchase a specific quantity of supplies or Supplies from a particular economic operator. Indeed, the Contracting Authority reserves the right to operate outside of the framework agreement at its discretion, particularly should it become apparent that doing so would offer greater value for money. Notwithstanding the foregoing, the framework agreement approach has been adopted to leverage efficiencies and maximise cost savings over the duration of the framework.

5.1 Lot technical ID: LOT-0008

Title: Scribing Head

Description: This public procurement competition relates to the establishment of a Single Supplier Party Framework ("Framework") for the Supply of Wood Manufacturing and Finishing Machines for Waterford and Wexford Education and Training Board. The tender is divided into 8 Lots. Tenderers may submit proposals for one or more lots and must be clear on which lots they are tendering for in their response. The minimum contract awarded will be one Lot. The quantities may also be varied depending on the funding available. Tenderers may tender for one or several lots. The eight lots are as follows: Lot 1 Panel Saw Lot 2 Circular Saw (Ripsaw) Lot 3 Cross Cut Lot 4 Planner Lot 5 Thicknesser Lot 6 Bandsaw Lot 7 Tenoner Lot 8 Scribing Head It is important to note that the equipment must be fit for purpose meeting the requirements of the instructors delivering training to Apprentices/students in a trainee workshop environment. Please note that we require all machines to be delivered as soon as possible on award of the contract per lot. Suppliers must indicate timelines in response. It is the intention of the Contracting Authority to establish a

Single Party Supplier Framework for each lot from which call-off contracts will be awarded to the successful supplier (under the particular lots awarded) and will be run by the training centres as requirements arise over the lifetime of the Framework. In the context of a single-party framework agreement, the successful framework member does not have to compete for each new contract. It is emphasised that a framework agreement constitutes no guarantee to purchase a specific quantity of supplies or Supplies from a particular economic operator. Indeed, the Contracting Authority reserves the right to operate outside of the framework agreement at its discretion, particularly should it become apparent that doing so would offer greater value for money. Notwithstanding the foregoing, the framework agreement approach has been adopted to leverage efficiencies and maximise cost savings over the duration of the framework.

Internal identifier: 8

5.1.1 Purpose

Main nature of the contract: Supplies

Main classification (cpv): 43800000 Workshop equipment

Additional classification (cpv): 42620000 Lathes, boring and milling machine tools

Additional classification (cpv): 43312100 Planers

Additional classification (cpv): 42641000 Machine tools for working stone, ceramics, concrete or glass

Additional classification (cpv): 44191000 Miscellaneous construction materials in wood

Additional classification (cpv): 43810000 Woodworking equipment

Additional classification (cpv): 43811000 Sanding machines

Additional classification (cpv): 43812000 Sawing equipment

Additional classification (cpv): 43830000 Power tools

Additional classification (cpv): 42642000 Machine tools for working wood, bone, cork, hard rubber or hard plastics

Additional classification (cpv): 42642100 Machine tools for working wood

Additional classification (cpv): 39162000 Educational equipment

Additional classification (cpv): 39162100 Teaching equipment

Additional classification (cpv): 42611000 Special-purpose machine tools
