Additional information: A contract was awarded to Actavo (Ireland) for School Zones Tender Package 3 on 25/09/2025 at a value of €65,387.50 to install safety improvements at the 'front of school' environment and enhance access to the school grounds at four locations, Gaelscoil Uí Earcain (Glasanaon Road), Gaelscoil Míde (Greendale Road), Northbay Educate Together National School (Greendale Avenue) and Maryfield College (Síon Hill Road). The contractor installed the works in accordance with the original contract. However during the course of the works the requirement for additional works arose including: • Additional demolition and disposal of existing footpaths • Additional construction of new footpaths • The construction of two new concrete islands to protect cycle parking • The removal of eleven existing fluted bollards and the reinstatement of the footpath following their removal • The installation of twelve additional rigid pencil bollards, cored into the new footpath The value of these work is €32,105.47 ex VAT Reasons for modification: A new contractor could not have been employed for economic reasons as It would have caused significant inconvenience and substantial duplication of costs to employ another contractor to provide the additional works required. This modification is justified under Directive 2014/24/EU Article 72 (1)(b) Contracts and framework agreements may be modified without a new procurement procedure for additional works, services or supplies by the original contractor that have become necessary and that were not included in the initial procurement where a change of contractor: (i) cannot be made for economic or technical reasons such as requirements of interchangeability or

interoperability with existing equipment, services or installations procured under the initial procurement; and (ii) would cause significant inconvenience or substantial duplication of costs for the contracting authority. However, any increase in price shall not exceed 50% of the value of the original contract. Where several successive modifications are made, that limitation shall apply to the value of each modification. Such consecutive modifications shall not be aimed at circumventing this Directive.” Dublin City Council confirms that the value of this modification does not exceed 50%
