

Ireland: Civil engineering consultancy services

BusConnects Dublin Core Bus Corridors Infrastructure Works, Client Partner Services

Contract or concession award notice – standard regime

1 Buyer

1.1 Buyer

Official name: National Transport Authority_1149

Legal type of the buyer: Body governed by public law

Activity of the contracting authority: General public services

Activity of the contracting entity: Urban railway, tramway, trolleybus or bus services

2 Procedure

2.1 Procedure

Title: BusConnects Dublin Core Bus Corridors Infrastructure Works, Client Partner Services

Description: The National Transport Authority (NTA) intends to appoint a Client Partner with the appropriate capability and capacity to assist the NTA with the management and delivery of the Core Bus Corridors Infrastructure Works (CBCIW) in Dublin. CBCIW will provide approximately 230km of bus priority and approximately 200km of cycle routes. The CBCIW will be split into 12 schemes across the Greater Dublin Area and delivered in a phased approach. CBCIW will be led by the NTA, with the Client Partner providing support and day-to-day direction, leadership and management through scheme planning, development and on-site delivery. The Client Partner will also coordinate, oversee, direct and work collaboratively with delivery partners, including Design and Build Contractors once appointed, to ensure CBCIW is delivered effectively, efficiently and that its benefits are realised. The Client Partner services can be categorised into 7 broad areas: (1) Project Management Office (2) Commercial and Cost Management (3) Design and Technical Services (4) Framework Management, Local Authority Liaison and Technical Services (ITS) (5) Land, Property and Planning (6) Scheme Delivery and Integration (7) Strategic Communications and Stakeholder Relations. Further detail in relation to each area is contained within the procurement documents. The NTA will not be responsible for any costs, charges or expenses incurred by Candidates or Tenderers relating to this competition, irrespective of the outcome, or if the competition is cancelled or postponed. All costs incurred by interested parties in participating in this competition must be borne by them. The NTA may terminate this competition (or part of it), change the competition's basis or procedures, procure the contract by other means, negotiate with one or more parties at any time, or to do any combination of the foregoing or anything else deemed appropriate. In no instance will the NTA be required to give any reason for any alteration or termination of the process. The most economically advantageous or any tender will not automatically be accepted. The summaries given within this document, or in other information given to Candidates, must not be taken as comprehensive, or as a substitute for reading the procurement documents themselves. Given the long-term duration of the contract, as well as the nature of the services to be provided (which depend on the delivery programme for the underlying Schemes), it is not possible to provide a definitive estimate of the value of the contract. The estimated value stated within this notice represents the NTA's best estimate at this stage, but the actual value of the contract may be higher or lower depending on the actual volume of services required. The duration of the contract will align with the delivery programme for CBCIW and extend two (2) years beyond completion of the final scheme. The duration of the contract is currently estimated to be approximately ten (10) years; however, this may be amended at the sole discretion of the NTA to align with any revised delivery programme for CBCIW. Refer to the procurement documents for further information

Procedure identifier: 87ddeed5-635d-45a0-80cd-ec338474a33d

Previous notice: f4d992ba-61a2-4e5f-b2d2-e5c9fb218da8-01

Type of procedure: Negotiated with prior publication of a call for competition / competitive with negotiation

The procedure is accelerated: no

Justification for the accelerated procedure:

Main features of the procedure:

2.1.1 Purpose

Main nature of the contract: Services

Main classification (cpv): 71311000 Civil engineering consultancy services

Additional classification (cpv): 71318000 Advisory and consultative engineering services

Additional classification (cpv): 71311210 Highways consultancy services

Additional classification (cpv): 71311220 Highways engineering services

Additional classification (cpv): 71311200 Transport systems consultancy services

Additional classification (cpv): 71311300 Infrastructure works consultancy services

Additional classification (cpv): 71631480 Road-inspection services

Additional classification (cpv): 71322500 Engineering-design services for traffic installations

Additional classification (cpv): 79416000 Public relations services

Additional classification (cpv): 79416200 Public relations consultancy services

Additional classification (cpv): 71317210 Health and safety consultancy services

Additional classification (cpv): 71310000 Consultative engineering and construction services

Additional classification (cpv): 79418000 Procurement consultancy services

Additional classification (cpv): 71313410 Risk or hazard assessment for construction

Additional classification (cpv): 70332100 Land management services

Additional classification (cpv): 70122200 Land purchase services

Additional classification (cpv): 71313100 Noise-control consultancy services

Additional classification (cpv): 71500000 Construction-related services

Additional classification (cpv): 71530000 Construction consultancy services

Additional classification (cpv): 71311100 Civil engineering support services

Additional classification (cpv): 71540000 Construction management services

Additional classification (cpv): 71541000 Construction project management services

Additional classification (cpv): 79933000 Design support services

Additional classification (cpv): 71320000 Engineering design services

Additional classification (cpv): 71322000 Engineering design services for the construction of civil engineering works

Additional classification (cpv): 71244000 Calculation of costs, monitoring of costs

2.1.2 Place of performance

Country subdivision (NUTS): Dublin (IE061)

Country: Ireland

2.1.3 Value

Estimated value excluding VAT: 350 000 000 Euro

2.1.4 General information

Legal basis:

5.1.2 Place of performance

Country subdivision (NUTS): Dublin (IE061)
Country: Ireland
Additional information:

5.1.5 Value

Estimated value excluding VAT: 350 000 000 Euro

5.1.6 General information

Procurement Project not financed with EU Funds.
The procurement is covered by the Government Procurement Agreement (GPA): yes

5.1.7 Strategic procurement

Aim of strategic procurement: Reduction of environmental impacts
Description: Public Transport
Approach to reducing environmental impacts: Other
Green Procurement Criteria: No Green Public Procurement criteria

5.1.15 Techniques

Framework agreement:
No framework agreement
Information about the dynamic purchasing system:
No dynamic purchase system

5.1.16 Further information, mediation and review

Review organisation: The High Court of Ireland
Organisation providing additional information about the procurement procedure: National Transport Authority_1149
Organisation providing offline access to the procurement documents: National Transport Authority_1149
TED eSender: European Dynamics S.A.

6 Results

Value of all contracts awarded in this notice: 350 000 000 Euro

6.1 Result lot Identifier: LOT-0001

At least one winner was chosen.

6.1.2 Information about winners

Winner:
Official name: Jacobs Engineering Ireland Ltd
Tender:
Tender identifier: 000063367
Identifier of lot or group of lots: LOT-0001
Subcontracting: Yes

Contract information:

Identifier of the contract: 414363

Date on which the winner was chosen: 23/09/2024

Date of the conclusion of the contract: 18/11/2024

The contract is awarded within a framework agreement: no
