2.1 Procedure

Title: TII486 MetroLink Topographical Survey

Description: Transport Infrastructure Ireland (TII) seeks to deliver the MetroLink project. The MetroLink project is poised to deliver transformative benefits to the people of Ireland. By providing a modern and efficient public transport solution, MetroLink aims to significantly impact the daily lives of residents and contribute to the nation's journey towards a sustainable future. This topographical survey contract is required for the MetroLink project in order to update the existing topographical models carried out in 2019. Individual areas have been identified for updating and are required to be stitched into the existing model. These models are required for the tender design contracts. This was issued under the NTA's Framework Agreement for the provision of Topographical Surveying Services for Transport Projects funded by the National Transport Authority.
