Title: Provision of professional services to review the current payroll module and ongoing issues with its implementation and also Public Procurement Audit Services

Description: The purpose of the review is to provide technical advice on whether the SAP Success Factors System can be implemented successfully to meet the Hospitals requirements as a payroll and HR platform and assess the costs and resources that will be required to achieve that. Beaumont Hospital's Director of Finance is requesting a review of previous and ongoing Payroll module issues logs and to determine whether the Payroll module is an appropriate payroll system for a Model 4 Acute Hospital. In addition to the above, Beaumont Hospital requires an outsourced procurement specialist to carry out a review in order to identify any immediate issues related to the Hospitals legacy procurement competitions. The review should cover the years 2022-2024 The Hospital also requires a review of the current Finance and Procurement staff complement for a Model 4 Hospital with an annual allocation of approximately €605 million.
