2.1 Procedure

Title: WCC132026 - Technical Consultancy Services to Deliver the Arklow Southern Port Access Road (SPAR) – Phases 2 to 7 Inclusive

Description: The Southern Port Access Road will connect from the R772 Knockmore Roundabout, initially via the existing access road and over the railway bridge, and then going east through the AAP2 lands, continuing east and then north through the Roadstone Arklow Rock Quarry connecting to Arklow Port via the L6908 South Beach Road.

In addition to the vehicular crossing arrangement, the scheme shall make provision for a separate pedestrian and cycle bridge over the railway line, with the existing railway bridge remaining as the vehicular crossing. The active travel bridge shall be treated as an integral component of the overall scheme for the purposes of optioneering, environmental assessment, statutory processes, programme and cost. The road will link the Wexford Road (M11) to the Action Areas at Tinahask, The Roadstone Quarry and the Waterfront Zone. The road will be a link to form a Primary Distributor route for HGVs to the existing port.
