### VI.3) Additional information <sup>2</sup>

IMPORTANT INFORMATION REGARDING PRELIMINARY MARKET CONSULTATION Without prejudice to competition in the market places, the purpose of this Market Consultation will be to examine and consider the various technical and commercial options which might present themselves through a competitive tender process to be advertised in the near future. The Market Consultation may also assist Dublin City Council in the development of the procurement strategy for any subsequent competition. This is an information gathering exercise to understand the current marketplace and the various operators within it. The purpose of this exercise is to help inform the Council of an appropriate structure for any future procurement and to ascertain interest from potential 3rd party partners/tenderers. Respondents should note that the responses will not be considered as expressions of interest in any way, and whichever approach is chosen by the Council, there will be no impact of this exercise on the participant's evaluation in any subsequent procurement process. Please note that information received will be treated in the strictest confidence by the Council but may be subject to disclosure under the Freedom of Information (FOI) Act. Accordingly, respondents should indicate clearly in their responses any information contained therein that should be considered as commercially sensitive and respondents must specify the reasons for its confidentiality or commercial sensitivity. The Council will, where possible, consult with respondents about confidential or commercially sensitive information so identified before making a decision on a FOI request received. Dublin City Council reserves the right not to progress the project or any procurement process. Please note that where documents are made available in both PDF and Word format, in the event that there is any discrepancy between the documents, the PDF version will take precedence.
