Title: Bus Stop Enhancement Programme (BSEP) - Limerick
Description: The Bus Stop Enhancement Programme (BSEP) is a new public transport investment programme aimed at providing local authorities (LA's) with capital grant funding to address sub-optimal bus stop provision throughout the city and county. The overarching objective of the programme is to provide a minimum standard of bus stop infrastructure that is accessible, easy to understand, and facilitates a more seamless interaction between users and public transport. By providing consistent facilities at the "front door" of every bus stop, it is hoped to grow public transport patronage whilst providing a consistent level of service across the public transport bus network.
